

POST-TREATMENT CARE PLAN

Your Road to a Lice-Free Home

Lice have a predictable life cycle — and this plan is built to break it at every stage. Following each step exactly, on the right day, is the single most important thing you can do to ensure a full and lasting result.

YOUR 9-DAY TREATMENT SCHEDULE

Day 1	TECHNICIAN VISIT Two full treatments performed today.
Day 2 Date	TREATMENT Apply olive oil. Comb through with Terminator nit comb. Apply eucalyptus/mint spray.
Day 3 Date	TREATMENT Apply olive oil. Comb through with Terminator nit comb. Apply eucalyptus/mint spray.
Day 4 Date	REST DAY Apply eucalyptus/mint spray only.
Day 5 Date	REST DAY Apply eucalyptus/mint spray only.
Day 6 Date	TREATMENT Apply olive oil. Comb through with Terminator nit comb. Apply eucalyptus/mint spray.
Day 7 Date	REST DAY Apply eucalyptus/mint spray only.
Day 8 Date	REST DAY Apply eucalyptus/mint spray only.
Day 9	TECHNICIAN VISIT Final treatment & clearance check.

Treatment Days: Apply olive oil and comb through with the Terminator nit comb.

Every Day: Apply eucalyptus/mint spray to all treated individuals.

WHY EVERY STEP MATTERS

Lice lay eggs (nits) that hatch within 7–10 days. A single missed treatment gives newly hatched lice a chance to survive and restart the cycle. This plan targets lice at each stage of development — which is why the timing of Days 2, 3, 6, and 9 is critical. Skipping or shifting the schedule can allow eggs to hatch between treatments and undo the progress made.

HOME CARE CHECKLIST

- **Wash** all pillowcases, sheets, recently worn clothing, and towels in hot water; dry on high heat.
- **Combs, brushes, clips & accessories** — soak in hot water for 5–10 minutes, seal in a ziplock bag, then place in the freezer overnight.
- **Freezer only** — items that cannot be soaked can go directly into a sealed bag and into the freezer.
- **Eucalyptus/mint spray** — use daily for preventative care throughout the 9-day plan and beyond.
- **Note:** Lice do not survive long away from the scalp — targeted cleaning is all that is needed.

"If your experience today brought you peace of mind, we would be truly honored to hear about it. Your words help other families find the help they need."

◆ 30-Day Lice-Free Guarantee

The guarantee applies when all household members are checked and treated as needed at the initial appointment, the 9-day post-treatment plan is followed, and the required follow-up visit is completed. If lice return within 30 days of the follow-up visit, we will provide an additional treatment at no charge.
